

INFRAFRONTIER GmbH – Job Advertisement

The INFRAFRONTIER GmbH is an academic non-profit organisation. It is located in Munich, Germany, at the premises of the Helmholtz Zentrum München and acts as the coordination office of the INFRAFRONTIER Research Infrastructure. INFRAFRONTIER is the European research infrastructure for the development, phenotyping, archiving and distribution of mouse disease models. INFRAFRONTIER aims to advance the study of human diseases as the premier European research partner and service provider in mouse functional genomics and handles more than 1300 requests annually from a global user community.

We are looking for a highly-motivated

Geneticist for Scientific User Support (part-time)

Job description

- Offer scientific support to users of INFRAFRONTIER Research Infrastructure, i.e. consult in questions about mutant mouse generation, phenotyping, archiving, germ-free mouse production and breeding
- Manage strain submissions to the European Mouse Mutant Archive (EMMA) and liaise with external scientific committee
- Work together with scientific data curators to maintain highest standards of data quality in EMMA mouse strain database
- Communicate with INFRAFRONTIER partners across Europe to help coordinate INFRAFRONTIER processes

Your qualifications

- BSc or MSc in biomedical discipline (biology, biochemistry, biotechnology, veterinary medicine)
- Firm knowledge of genetics and current molecular biology techniques
- Experience with mice or other model organisms desirable
- Knowledge of relational databases would be a plus
- Structured working style
- Strong communication skills (English)
- Service-oriented personality

Our offer

- Work in an international and stimulating field to support biomedical research
- Opportunity to stay up-to-date with cutting-edge science
- Flexible working hours
- Possibility to leave your mark in a small and innovative team
- Further training opportunities
- Salary commensurate with work experience and seniority
- Contract initially limited to two years with possibility for further extension (part-time, 20 hours per week)
